

Activity Instructions - Unit 5 Lesson 1

Supplies:

- Printed activity sheets (pages 2-7, or select only one or two of the flags)
- Scissors and glue
- Optional: Popsicle sticks or straws

Directions:

1. Print pages for each flag you want to assemble. It will be easiest to work with one flag at a time.
2. The student can cut out the pieces on the dashed lines.
3. Place the cut-out shapes on to the flag template, matching the shapes.
4. Once the pieces are in the right places, glue them down to create a finished flag.

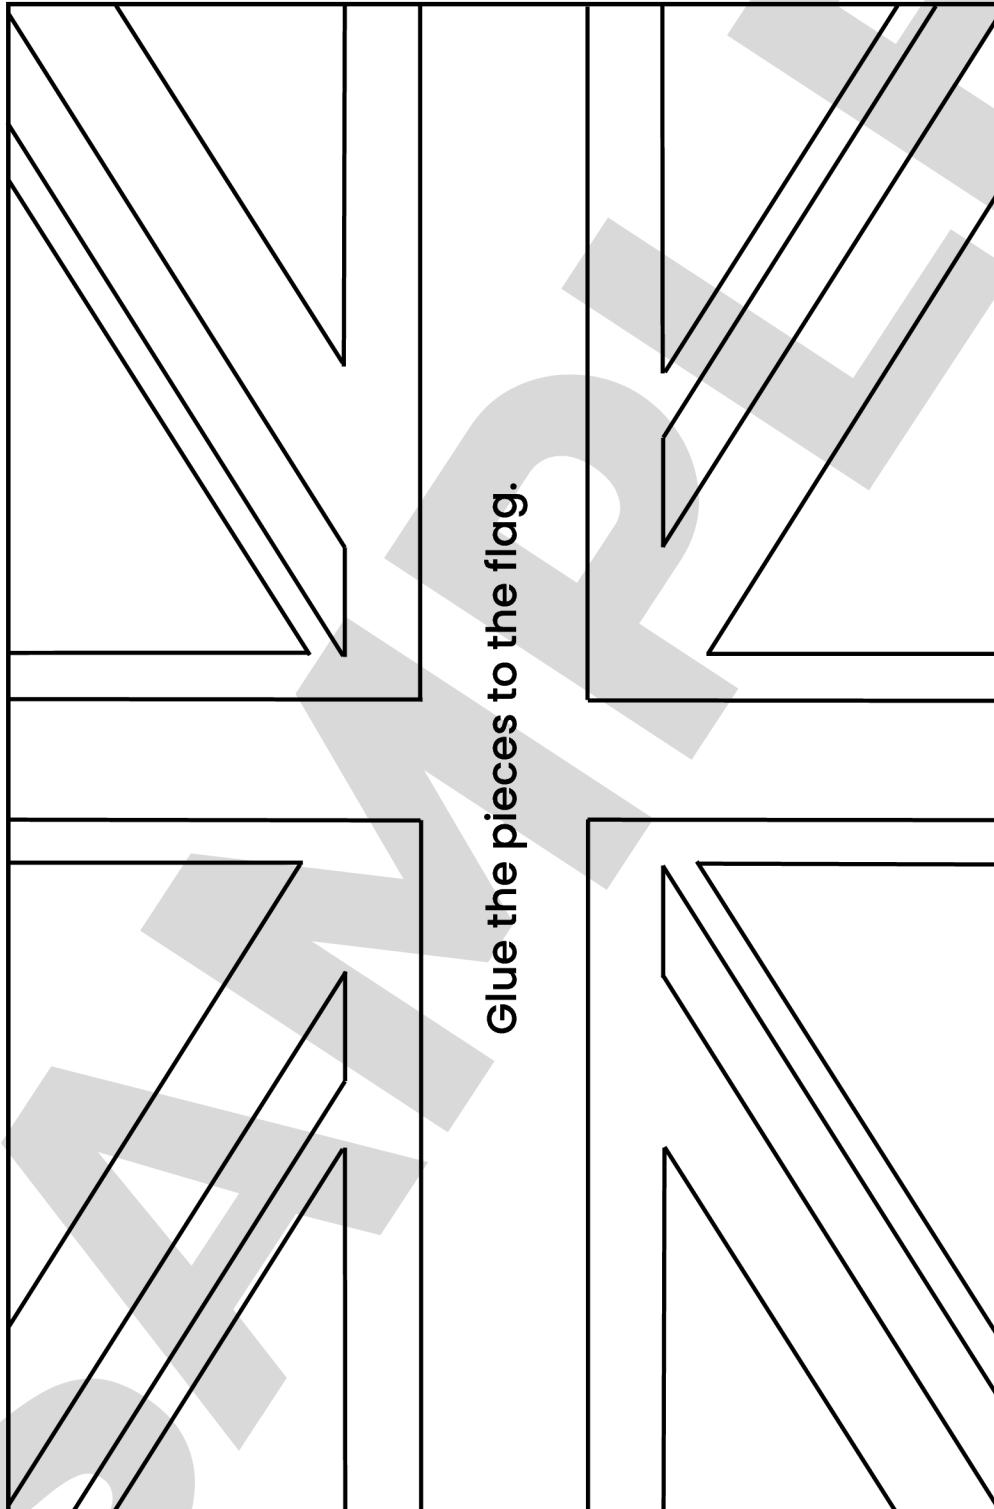

Optional: Tape a popsicle stick or straw to the left-hand edge of the flag so you can hold and wave it.
